

Three Speckled Hens

Antiques & Old Stuff

June 2, 2010

Thank You for your interest in our antique shows!

Our talented dealers, along with their fabulous antiques and vintage country decor, make each booth a stand-out and each show sequentially better. The numbers of attendees and sales are significantly on the increase with each show. Saturdays are always booming with many buyers returning on Sunday to snap up those pieces that they dreamt about all night!

The vision for the Three Speckled Hens Antiques & Old Stuff Show is to showcase antique farmhouse and primitive furnishings with a mixture of period accessories (antique and a *few* reproductions) and painted vintage furniture. It is important that you stay within our guidelines of 80% antique / 20% reproduction accessories in order to give continuity to our show. We have found that those of you that follow these guidelines, and put time and effort into staging your booths are the dealers with the highest sales. Most of you are exceptional at this and this is what is giving our show our "look" and quality reputation. We look forward to seeing what each of you comes in at each show!

You are invited to send a \$100 deposit to hold a space in the October 16 & 17, 2010 show. This show will sell out quickly! **Spaces will be reserved on a first come, first serve basis, however, we do honor our "veteran dealers"**. You may indicate a first/second/third choice of booth space. We will do our best to accommodate everyone, however, we reserve the right to assign booth spaces in order to make the layout flow well and look inviting. ***Full payment for booth rental is due upon confirmation of your rental booth by the Three Speckled Hens.***

We hope you enjoy the camaraderie and spirit of our shows as much as we Hens enjoy celebrating our passion with you! Please feel free to call or email any of us, any time. Your comments are important to us. We look forward to hearing from you!
